

DAF CTO OUTCOME EXECUTION

MR. SCOTT HEITMANN

SAF/CN

MARCH 2025

The DAF CTO | Outcome Execution

The DAF CTO architects the path, integrates the ecosystem, and implements the transformations to push forward cutting-edge technology and operational capabilities that boost key objectives including warfighter lethality, ubiquitous connectivity, and cyber optimization and resilience.

THE DAF CTO...

ARCHITECTS THE PATH

Designs architectures and develops strategies that map the way forward for modernization

INTEGRATES THE ECOSYSTEM

Integrates existing technology and leverages stakeholder expertise as a cross-functional liaison to promote greater efficiency through the DAF

IMPLEMENTS THE TRANSFORMATIONS

Drives innovative plans and removes barriers to transition the DAF to the envisioned future state of IT

...TO PUSH FORWARD CUTTING-EDGE TECHNOLOGY AND OPERATIONAL CAPABILITIES THAT BOOST...

WARFIGHTER LETHALITY

Integrate state-of-the-art software across the DAF to supply capabilities necessary to maintain the competitive edge

UBIQUITOUS CONNECTIVITY

Provide Airmen and Guardians with seamless and secure network connectivity anytime, anywhere

CYBER OPTIMIZATION & RESILIENCE

Strengthen the DAF's cyber posture and operational agility to minimize risk and become "future proof"

The DAF CTO | Delivery of Enabling Capabilities

The DAF CTO promotes warfighter lethality, ubiquitous connectivity, and cyber optimization and resilience by modernizing capabilities in alignment with Zero Trust requirements to foster adaptability, innovation, and mission support.
